NOTICE OF DETERMINATION

In accordance with section 21A of the Foreshore Act 1933, as amended, the Minister for Climate, Energy and the Environment hereby gives notice that he has determined an application dated 08 May 2023 for a licence under Section 3 of the Foreshore Act, 1933 (as amended) made by Uisce Éireann ("the Applicant") in respect of construction of a new discharge location for the Newmarket-on-Fergus WWTP at River Rine County Clare.

DETERMINATION

The Minister has determined pursuant to the provisions of the Foreshore Act, 1933 (as amended) to grant a Foreshore licence to the Applicant in respect of the development described in the application, subject to the conditions set out in the Foreshore licence.

MAIN REASONS AND CONSIDERATIONS

The Minister has had regard to the following matters in determining the application for a Foreshore licence.

- the application for a Foreshore licence together with accompanying documents;
- the pre-screening for environmental impact assessment of the proposed works;
- the submissions received from prescribed bodies and the applicant's responses;
- the submissions received during the public consultation and the applicant's responses;
- other plans or projects that may, in combination with the plan or project under consideration, adversely affect the integrity of a European site;
- the Screening for Appropriate Assessment of the proposed plan or project prepared by the Department's Marine Advisor (Environment) and adopted by the Minister;
- the Screening for Appropriate Assessment Determination signed by the Minister on 25 September 2024;
- the Risk Assessment for Annex IV Species of the proposed development prepared by the applicant and agreed and accepted by the Department Climate, Energy and the Environment;
- the nature of the proposal and its purpose;
- the consent conditions to be attached to the Foreshore licence, if granted;
- the Non-Statutory Environmental Report/Analysis of the proposed developments prepared by Mott MacDonald and confirmed by the Department of Climate, Energy and the Environment;
- the technical assessment, including the agreement and adoption of the environmental assessment, of the proposed works by the Marine Licence Vetting Committee ("MLVC"), and its conclusions and recommendations in this regard;
- the advice of the Foreshore Section of the Department of Climate, Energy and the Environment

Having had regard to the foregoing, and in particular having regard to the environmental reports adopted by the Minister, the consent conditions attached to the Foreshore Licence, and the recommendation of the MLVC, the Minister is satisfied (i) that the proposed development on the foreshore is not likely to have significant effects on the environment; (ii) that the proposed development on the foreshore either alone or in-combination with other plans or projects, would not adversely affect the integrity of any European site; and (iii) that it is in the public interest to grant the Foreshore Licence having regard to the nature of the proposal.
