REVIEW OF

S.I. No. 639 of 2002.

EUROPEAN COMMUNITIES (REQUIREMENTS TO INDICATE PRODUCT PRICES) REGULATIONS.

The above Regulations transpose Directive 98/6/EC and require traders to display both the selling and the unit price (the price per kilo or litre etc) of products. These Regulations are sometimes referred to as the “Unit Pricing Regulations” and are an important part of Ireland’s consumer protection regime because they allow consumers to know the price of any product before they make a decision to purchase.

The Minister for Enterprise, Trade and Employment has decided to review the operation of certain secondary legislation dealing with consumer protection, starting with the above Regulations.

The Minister is seeking submissions from interested parties on how the Regulations are being implemented and on whether improvements can be made in the enforcement/compliance regime. Submissions received will be used to assist the Department in its consideration of these issues and in formulating policy submissions in the context of an EU Commission review of the Directive.

A copy of the Consultation Paper is available on the Department’s website at <http://www.entemp.ie/commerce/consumer/publications.htm> or from the postal address below on request.

Comments and submissions should be received before Friday, 17th November, 2006, by electronic format to conspol@entemp.ie.

NOTICE TO MANUFACTURERS/PROCESSORS IN
EITHER CHEMICALS (AND ALLIED) OR
MICROELECTRONICS (AND RELATED) SECTORS

TARIFF SUSPENSION SCHEME
TARIFF QUOTA SCHEME

This notice by the Department of Enterprise, Trade and Employment is intended for manufacturing and processing companies in the abovementioned sectors. It concerns the possibility for such companies to import raw materials, components or intermediate products from outside the European Union free from tariff duty. Companies, in applying for tariff suspensions, must be able to demonstrate that each item for which duty suspension is sought:

- is intended for further processing by them;
- is not available within the EU.
- generates duty savings of at least €20,000 per annum.

In the case of equipment and material (so-called capital goods) to be used in the production process, a suspension could be considered (although such products are generally finished products) provided they are specific and necessary for the manufacture of clearly identified products and are not jeopardising competing Community enterprises.

Tariff Quotas, on the other hand, are designed to address shortages in materials' availability within the EU and can be applied for in the same way as suspensions. By and large, the same criteria as set out in relation to tariff suspensions apply also to quota applications.

Closing date for the receipt of the next round of applications, in the Department of Enterprise, Trade and Employment, Kildare Street, Dublin 2, in the prescribed format, is **Friday, 19 January, 2007** and in order to allow for the effective administration of the schemes, it may not be possible to process any late applications. The suspension of duties on these applications, should they be successful, would come into effect from **1 January, 2008**.

The Department would also appreciate if companies availing themselves of existing suspensions or quotas could so inform the Department and identify the 10-digit CN Code in question. This information is crucial to the Department for the administration of the renewal of existing suspensions/quotas. It enables the Department to inform users of proposals to either change a text description or to withdraw existing tariff suspensions/quotas before such action occurs.

Companies who feel they might wish to oppose applications from other Member States or oppose the renewal of existing suspensions/quotas based on production of similar or equivalent products/components should likewise contact the Department, at the earliest possible date, for details of the procedures involved.

Information on the Tariff Suspension or Quota Schemes (including outline application forms) may be obtained from Mary Quigley, Department of Enterprise, Trade and Employment, Kildare Street, Dublin 2.
