HEALTH AND SAFETY AUTHORITY

NOTICE OF APPROVAL OF A CODE OF PRACTICE

The Health and Safety Authority, in accordance with section 60(1)(b) of the Safety, Health and Welfare at Work Act 2005 (No. 10 of 2005) with the consent of the Minister for Labour Affairs, Mr. Billy Kelleher, and following public consultation, has approved a Code of Practice entitled "ESB Networks Code of Practice for Avoiding Danger from Overhead Electricity Lines".

This Code of Practice was prepared by ESB Networks with the assistance of the Health and Safety Authority. The aim of the Code is to improve the level of safety of work near overhead electricity lines and, in doing so, to assist those who are involved in working in the vicinity of overhead electricity lines in avoiding the inherent dangers.

The Code of Practice is intended to provide practical guidance to Clients, Designers, Planners, Project Supervisors (Design Process and Construction Stage), Contractors, Safety Representatives and any personnel who are involved in carrying out work where they are at risk from overhead electricity lines.

The Code of Practice gives recommendations and practical guidance on how to carry out work safely in the vicinity of overhead lines. It primarily covers construction related activities, which include building and construction site works, road construction and resurfacing works, use of cranes, mobile elevating work platforms (MEWPs), concrete placing booms, lorry mounted cranes and other high reach plant, excavation equipment and the transporting of high loads by road.

Work carried out in the vicinity of overhead lines includes work associated with both new and existing buildings and structures, excavation, road works, dumping of spoil, storage of materials and loading and unloading of materials etc.

The scope of this Code of Practice does not include general agricultural or forestry related activities but does include any construction activities on farms and in all other locations.

This Code of Practice does not address the safety issues arising from underground electricity cables or other underground services. A separate Code of Practice, entitled "Code of Practice for Avoiding Danger from Underground Services" and published by the Health and Safety Authority, deals specifically with underground buried cables. (That Code of Practice is currently being updated by the Health and Safety Authority.)

The Code of Practice comes into operation on 14 October 2008.

The Code of Practice is available for downloading from the HSA and ESB Networks websites (www.hsa.ie; www.esb.ie/esbnetworks). Printed copies are available from ESB Networks — email: ESBNetworks@esb.ie or phone 1850 372 757.

Assistant Chief Executive Officer and Secretary to the Board,
