S.I. No. 478 of 2026.

EUROPEAN COMMUNITIES (ELECTROMAGNETIC COMPATIBILITY) (AMENDMENT) REGULATIONS 2026

The Minister for Enterprise, Tourism and Employment, Peter Burke, T.D., in exercise of the powers conferred on him me by section 3 of the European Communities Act 1972 (No. 27 of 1972) and for the purpose of giving further effect to Directive 2014/30/EU of the European Parliament and of the Council of 26 February 2014, hereby make the following regulations.

The proposed Regulations make a targeted amendment to the European Communities (Electromagnetic Compatibility) Regulations 2017 by excluding certain counter-unmanned aircraft (counter-drone) devices from the scope of those Regulations. The exemption applies to devices used by An Garda Síochána, or supplied to An Garda Síochána, for the purpose of interfering with the operation of unmanned aircraft and associated control equipment, where such use is authorised under the Wireless Telegraphy Act 1926. The amendment ensures that electromagnetic compatibility requirements do not apply to these specialised law enforcement devices.

The amendment supports powers recently provided to An Garda Síochána to address threats posed by the misuse of unmanned aircraft. Counter-drone technologies operate by intentionally affecting radio communications or navigation signals used by drones and, by their nature, may not be suitable for assessment under the standard electromagnetic compatibility framework designed for ordinary commercial equipment. The Regulations therefore provide a limited and specific exemption to facilitate the lawful deployment of these technologies by An Garda Síochána in the exercise of its statutory functions.
